SERVICE TERMINATION TO ALL ST GEORGES FLATS

As part of the fibre upgrade from the managment your services to your flat your internet from Gigabair is now being restricted to 180 minutes per day. You are required to find a new provider, Hyperoptic has installed service to your location and the link is below. Within the next 7 days this service will be reduced to 120 minutes and then terminated thereafter.

<https://www.hyperoptic.com>
